

# Headline measures from 2016

In October 2013, the Department for Education announced that a new secondary school accountability system will be implemented from 2016. The headline measures from 2016 are:

## Attainment 8

Attainment 8 measures the average achievement of pupils in up to 8 qualifications including English (double weighted if the combined English qualification, or both language and literature are taken), maths (double weighted), three further qualifications that count in the English Baccalaureate (EBacc) and three further qualifications that can be GCSE qualifications (including EBacc subjects) or any other non-GCSE qualifications on the DfE approved list.

Belper A8: 52.21 (Validated)	National Average: 49.50
------------------------------	-------------------------

## Progress 8

Progress 8 aims to capture the progress a pupil makes from the end of key stage 2 to the end of key stage 4. It compares pupils' achievement – their Attainment 8 score – with the average Attainment 8 score of all pupils nationally who had a similar starting point (or 'prior attainment'), calculated using assessment results from the end of primary school. Progress 8 is a relative measure, therefore the national average Progress 8 score for mainstream schools is zero. When including pupils at special schools the national average is not zero as Progress 8 scores for special schools are calculated using Attainment 8 estimates based on pupils in mainstream schools.

Belper P8: -0.19 (Validated)	National Average: 0
------------------------------	---------------------

## Attainment in English and maths (A\*-C)

This measure looks at the percentage of pupils achieving A\*-C in both English and maths. In 2016, pupils could achieve the English component of this with A\*-C in English language or literature. In 2015 pupils had to achieve an A\*-C in English language, and have sat an English literature exam. The change means a higher proportion of pupils achieve the measure.

Belper A*-C EM: 69% (Validated)	National Average: 62%

## The English Baccalaureate (EBacc) entry and achievement

The EBacc was first introduced into the performance tables in 2009/10. It allows people to see how many pupils get an A\*-C or above in core academic subjects at key stage 4. The EBacc is made up of English, maths, science, a language, and history or geography. To count in the EBacc, qualifications must be on the English Baccalaureate list of qualifications.

Belper EBacc : 20% (Validated)	National Average: 24%
