

Year Group	Subject	Overview of work that students will be doing and any formal summative assessment that will be taking place.	Details of how the work is expected to be assessed	Location where the completed student work can be evidenced
7	Maths	<b>Students will do a baseline test in September.</b> Students will also be covering units called <i>Class survey, Pinboard angles, Algebra &amp; Probability</i> . The teacher will periodically identify an opportunity, usually following a homework task, where they will give effective written feedback.	Effort grade for homework and a score from test.	Exercise books & Student folios
8	Maths	Students will be covering units called <i>Maps &amp; bearings, Real-life graphs, Area &amp; volume and Circles &amp; <math>\pi</math></i> . The teacher will periodically identify an opportunity, usually following a homework task, where they will give effective written feedback.	Effort grade for homework.	Exercise books
9	Maths	Students will be covering units called <i>Indices &amp; standard form, Angle geometry, Quadratics and Matrices &amp; vectors</i> . The teacher will periodically identify an opportunity, usually following a homework task, where they will give effective written feedback. <b>Students will do a test in the second half-term.</b>	Effort grade for homework and a National Curriculum level from test.	Exercise books & Student folios
10	Maths	Students will be covering units called <i>Number 1, Geometry 1 &amp; Algebra 1</i> . The teacher will periodically identify an opportunity, usually following a homework task, where they will give effective written feedback.	Effort grade for homework.	Exercise books
11	Maths	Students will be covering units called <i>Number 4, Geometry 3 &amp; Algebra 3</i> . The teacher will periodically identify an opportunity, usually following a homework task, where they will give effective written feedback. <b>Students will do a Mock exam in the second half-term.</b>	Effort grade for homework and a GCSE grade from test.	Exercise books & Student folios
12	Maths	Students will be studying Pure Maths. The teacher will periodically identify an opportunity, usually following a homework task, where they will give effective written feedback. <b>Students will do a test in the first half-term.</b>	Effort grade for homework and an AS grade from test.	Students own folders
	Further Maths	Students will be studying both Pure Maths & Discrete Maths. The teacher will periodically identify an opportunity, usually following a homework task, where they will give effective written feedback. <b>Students will do a test in the first half-term.</b>	Effort grade for homework and an AS grade from test.	Students own folders
13	Maths	Students will be studying Pure Maths. The teacher will periodically identify an opportunity, usually following a homework task, where they will give effective written feedback. <b>Students will do a test in the second half-term.</b>	Effort grade for homework and an A-level grade from test.	Students own folders
