

Dear Parent/Carer

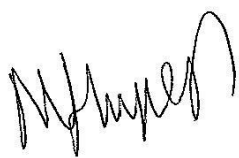

### **Local Authority Letter Regarding Schools with an Atypical Admission Arrangement**

The Department for Education has put a requirement on Local Authorities to send a letter to all parents of children moving into Year 10 in September 2017, informing them of what schools exist within a given distance that have an admission arrangement that are not typical. The letter which Derbyshire County Council have sent us with a request to forward on to you can be accessed by clicking [here](#).

As with other schools, Belper School are distributing this simply as a statutory administrative task. Whatever options parents are considering for their children, whether it be different schools or courses within a school, we would always advise them to do the necessary research, information gathering and visits so that informed decisions are made.

If you wish to discuss this further then please contact the school.

Yours sincerely

**Mr M Cooper**  
**Headteacher**
