Brief outline of course

Candidates will develop skills and knowledge relating to:

- nutrition,
- food production,
- food safety,
- hygiene,
- social and environmental issues.

The WJEC Level 3 Alternative Academic Qualification in Food Science and Nutrition (Extended Certificate) is made up of five units

Unit 1: Nutritional needs across the life stages

Unit 2: Developing practical food production skills

Unit 3: Principles of food hygiene and food safety in food production

Unit 4: Experimenting to solve food production problems

Unit 5: Current issues in food science and nutrition

Learners are required to complete the first three mandatory units and can select their fourth unit from a choice of Unit 4 or Unit 5.
