Privacy notice – external photographer visit

Arrangements have been made for a professional photographer to attend our school and take photographs of the pupils.

This will be Braiswick Photographic Co Ltd, www.braiswickphotographic.com

A photograph of each pupil is required for safeguarding purposes and is stored on the school's Management Information System. Consent is not required as we have a statutory obligation to safeguard and protect pupils.

Photographs of individual pupils will be available to purchase by individual families directly from the photographer.

The professional photography service will provide details about how to contact them for any orders. They will have their own privacy notice and are required to comply with the Data Protection Act 2018. For details about how the photography service manages data, please see their website.
